- Promotes the development of African industrialization and economic boom.

Natural source of Xian taste/Umami

Hou-feel/Mouthfulness & Lingering taste

Pure & Clean Taste Profile

Clean Label

Sodium & Sugar Reduction

Vegan & Vegetarian

**PRODUCT RANGES**

**BASIC YE**

We offer two kinds of basic yeast extracts: powder and paste forms to help producers create a wonderful savory taste foundation.

**XIAN/UMAMI TASTE YE**

More savory flavor using less salt! An ideal choice to boost umami notes for savory recipes.

**HOU-FEEL/MOUTHFULNESS YE**

Hou-feel YE, rich in nucleotides and rich peptides, gives superior mouthfeel, longer aftertaste, and rounder taste.

**BOOST EGYPTIAN SUGAR INDUSTRY**

Utilizing a large amount of molasses from nearby sugar factories boosts the Egyptian sugar industry chain.

**SUSTAINABLE DEVELOPMENT STRATEGY**

Angel's Circular Industrial Chain promotes food safety, nutrition, health, environmental protection, and comprehensive utilization of resources.
